All Interest Owners:

It would be our preference to use the direct deposit (ACH) method of payment for all interest owners, which will insure immediate deposits and you won't have to wait for it in the mail. We have enclosed an authorization agreement for you to complete if you choose this optional payment method.

Funds will be released monthly once the revenue reaches \$25.00 for ACH. If you continue to receive a check, they will be cut when \$50.00 is reached. All revenue payments made will remain contingent upon whether or not there is production within any given month.

We also want to remind you that the remittance detail information that you receive each month should be retained by you for tax purposes to enable you to report your oil and gas income.

A 1099 will be **mailed** to you at the end of the year. Please be certain to obtain and submit signatures from all account holders.

It is important that the Payor shall be notified by the Owner, in writing, of any change in ownership, decimal interest or payment address.

Please return the completed agreement form to the address or fax number above to my attention.

If you have any questions, please contact me at 989-731-0590 or kthomas@nuenergyop.com.
